

\$140,000 Bond Vote Is Jan. 14

**\$5 Million Project
Depends On Result,
Directors Announce**

A \$140,000 bond election has been called for Tuesday, January 14, by the board of directors of San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties.

The bond money, if approved by the voters, will complete the district's part of the expenses needed to finance the construction of a series of dams and reservoirs and channel clearances within the District.

The remainder of the funds for the \$5 million project will be supplied by the Soil Conservation Service, United States Department of Agriculture.

First Measure Carries

An initial \$10,000 in bond money was voted at a previous special election. A total of \$150,000 in bond money will be obtained through a tax on the approximately 543,000 acres of land within the three-county water district.

Five directors will also be elected at the January 14 voting.

Those presently serving on the board are: H. B. Fox, Circleville, president; D. P. Irvine, secretary; A. C. Weir, Georgetown; C. V. Hutto, Bertram; and Henry Labaj, Granger.

C. E. Gauntt of Georgetown is attorney for the water district.

Property Owners Vote

The Board of Directors state in their notice of election that, "All persons who are resident qualified property taxpayers, who own taxable property in said district and who have duly rendered the same for taxation, shall be entitled to vote in said election."

The official ballot will read: (1) For the issue of bonds and levy of taxes in payment therefor. And (2) Against the issue of bonds and levy of taxes in payment therefor.

Civic Garden Club To Have Program, Slides Thursday

The next regular meeting of the Civic Garden Club will meet January 9 at 9:30 a.m. at the First Christian Church.

The program "Ways To Attract Birds" will be presented by Mrs. Auttis Franklin and Mrs. J. D. Moore. Colored slides, available from the Audubon Society, will be shown.

The nominating committee will report and the officers for the coming year will be elected.

An invitation has been extended for this meeting to all women interested in garden club work.

Frank L. Baldrige Buried In Galveston

Frank L. Baldrige, 57, of Galveston died December 17 in a Galveston hospital following a long illness.

Born in Waco December 3, 1900, he was a long time resident of Cameron, moving to Galveston in 1941. He was a retired maintenance mechanic and a member of the Baptist Church.

He is survived by his wife, Mrs. Clara Baldrige; two daughters, Jo Ann Baldrige of Galveston and Mrs. J. L. Sweeney of Marquette. Funeral services were held in the Memorial Room of Broadway Funeral Home, Galveston. Burial was in Galveston Memorial Park.

Lesikar's In Dallas

Mr. and Mrs. Vince Lesikar spent the holidays with the Gordon Kahler family in Dallas.

KIWANIS GILTS—The Cameron Kiwanis Club has sponsored two Duroc gilts to add to the Cameron FFA Chapter's pig circle. Above are Ed Laywell, Kiwanis president; Leslie Ernst and Eugene White, freshman vocational agriculture students who were selected to receive the pigs; and Pat Kelley, FFA advisor. The boys will care for the animals and show them in the Cameron livestock show in February.

Poll Tax Receipts Slow In Cameron, Secretary Says

Weather conditions and the holiday rush have evidently kept people occupied, for they haven't rushed to pay their poll tax.

City and county tax officials have requested that eligible persons pay their poll tax soon in order to avoid the rush on the last day of payment, January 31.

"Poll tax receipts are a lot below last year at this time," said Wayne B. Wieser, city secretary. "We have received only 187 payments as of December 31, compared to about 800 last year."

County tax receipts are running about the same as last year with approximately 1280 to date.

Methodists Honor Students Sunday

A reception in the home of Mrs. E. J. Davis Sunday evening honored Methodist college students home for the holidays.

Christmas decorations set the theme for the reception and refreshments of punch and fruit cake were served.

Dolores Vasquez, Buried Here Tuesday

Graveside services were held for Dolores Vasquez, 7 weeks, 805 South Nolan, Tuesday in the Mexican cemetery in Cameron.

Survivors include her parents, Mr. and Mrs. Benito Vasquez, Cameron, grandparents, Dorothea Vasquez, Cameron and Thomas and Facenda Moreno of Bryan, four brothers, Richard, George, Jesse and Ben, and two sisters, Angies and Bellen, all of Cameron.

Yoemen Try U. High In Tourney Opener

The hot-and-cold Cameron Yoemen attempt to expand their win column today as they kick off the Rockdale Invitational Basketball Tournament against University High of Waco in the first round of the top bracket.

Contesting for the championship trophies in this annual tournament are 24 teams divided into two brackets; upper bracket composed of AA, AAA and AAAA teams and lower bracket made up of class A and B teams.

Teams in the upper bracket are: Class AAAA Lamar of Houston; Class AAA Brenham, Cameron and University High of Waco; Class

Heart Attack Fatal To Lorenz Zelisko

Lorenz F. Zelisko, 43, Cameron, died suddenly at 10:30 a.m. Sunday of a heart attack enroute to Buckholts to attend church services at Hope Lutheran Church.

He was pronounced dead on arrival at St. Edwards Hospital. Death was attributed to acute coronary thrombosis.

Funeral services were held 3 p.m. Monday at the Hope Lutheran Church, Buckholts, with the Rev. J. A. Pietsch, conducting services. Music was furnished by Max McClaren and Mrs. J. A. Pietsch, organists, and the church choir.

Interment followed in Lutheran Cemetery.

The body was at the family residence in Cameron and was taken to the church where it lay in state from 2 to 3 p.m. Monday. Zelisko was born in Buckholts February 9, 1914, the son of the late Frank A. and Anna D. Zelisko. He lived most of his life in Milam County.

He was confirmed in the Lutheran faith at an early age and was an active member of Hope Lutheran Church.

He received his education in Buckholts High School and graduated from Yoe High School, Cameron, in 1933. He was a graduate of Texas Lutheran College and from Blinn College where he studied following the military service.

He was a veteran of World War II, serving in the U. S. Air Force Signal Corps in North Africa, Sicily, Tunisia and Italy for four years. He was a member of American Legion Post No. 519 in Buckholts.

On June 26, 1955, he married Miss Elizabeth Ann Schmidt, Cameron. They resided at 803 E. 12th St.

Zelisko owned and operated the Rosebud Chick Store. He was a member of the Rosebud Chamber

of Commerce.

Surviving are his wife, Elizabeth; one brother, Arnett; one sister, Mrs. Leo Fuchs; four nephews, Jon Carter and Michael Zelisko, Alton and Monroe Fuchs, all of Cameron; and many other relatives.

Pallbearers were Theo Fuchs, Jimmy Lester, Seth N. Corley, all of Cameron, Hugo Fuchs and Edwin Lehmann, Buckholts, Anton Moeller, Waco, C. A. Atkins, Rosebud, and Olen Freese, Corpus Christi.

A large number of relatives and friends from around the state attended the funeral. Marek-Burns Funeral Home was in charge of arrangements.

Proclamation

WHEREAS the National Foundation for Infantile Paralysis on January 3, 1958 will have completed 20 years of magnificent service to the people of Cameron, and of the nation, and

WHEREAS in the period of two decades the efforts of this great voluntary organization have led directly to the development of the Salk vaccine and to the protection of millions of Americans against crippling polio, and

WHEREAS, through the support of the American people in the MARCH OF DIMES, the National Foundation has brought the blessings of modern science and medicine to bear on the misfortunes of all those stricken with the disabling disease, and

WHEREAS through far-reaching programs of research, patient aid and professional education, the National Foundation has brought about an era of new hope for all whose lives have been dimmed by severe disabilities, and

WHEREAS the continuing progress of MARCH OF DIMES research, particularly in the field of virus study and biology, is of vital importance to the future health of the nation, and

WHEREAS thousands of those already stricken by polio continue to look to the MARCH OF DIMES for assistance in their desperate fight for useful lives;

THEREFORE, I, Robert Weems, Mayor of Cameron, do proclaim January 3, 1958 to be MARCH OF DIMES 20TH ANNIVERSARY DAY, and urge all citizens to join in honoring the National Foundation by giving generously to the 20TH ANNIVERSARY MARCH OF DIMES.

Final Rites Held For Mrs. Clement: Dies December 25

Funeral services were held 3 p.m. Tuesday in Cameron for Mrs. Pearl Clement, 83, charter member of the Cameron chapter of the Daughters of the Confederacy.

Mrs. Clement died in Dunn Loring, Va., December 25. Dr. O'Kelly, Rockdale, conducted services at Marek-Burns Funeral Home. Interment in Oak Hill Cemetery followed graveside services conducted by the Cameron chapter of the Order of Eastern Star.

Mrs. Clement was a member of the Order of Eastern Star, honorary member of the Cameron chapter of the Daughters of the Confederacy after she moved and organizing regent of the Sarah McCalla chapter, Daughters of the American Revolution.

She was also one of the first graduates of Cameron High School. Survivors include: a son, George K. Clement, Arlington; a brother, Robert Green, Brownsville; a grandson, George K. Clement, Jr., Glendora, Calif.; and three great-grandchildren.

Pallbearers were, Richard Parker, David Parker, Glenn Tucker, Drayton McLane, John Davis and John Muse.

Fund Directors To Evaluate List Of Contributors

The board of directors of the North Milam United Fund will meet 7:30 p.m. Tuesday at Ben Milam School for a review of the current fund drive, officials said today.

The board in a recent meeting appointed a committee to evaluate the list of contributors and methods of collection. Mrs. Loretta Brock was employed to set up a system of fund records.

Wiley Loughmiller, president of the organization, said that seven agencies including several working directly in the North Milam area receive funds from the drive. The drive has reached the half-way point with \$5,000 collected for the seven participating agencies.

They are: Red Cross, Heart Fund, Boy Scouts, Girl Scouts, Salvation Army, Library fund and local charities. "It is a case of giving once for many fine organizations," Loughmiller pointed out. "Each receives a proportionate share of the contributions."

Drive officials urge contributors to use the quarterly or monthly pledge system in making donations. Loughmiller and Robert Nelson, fund raising chairman, called for renewed efforts to complete the drive early this month.

Livestock Panel To Meet Monday For Show Plans

The livestock show committee will meet 7:30 p.m. Monday at the YHS Vocational Agriculture Building, Chamber officials announced today.

The group will discuss plans for the Chamber of Commerce sponsored livestock show scheduled for February 15.

Chamber officials also called for names of 100 sponsors and 100 growers before the annual broiler show in April.

Each sponsor provides a number of broiler chicks which the grower develops and shows in the spring broiler show. Last year 100 sponsors and 100 growers participated.

Jungmann Suffers Critical Wounding

A 22-year-old former Buckholts man is in a Temple hospital today following an operation to remove a bullet from his head.

Ervlon Jungmann, now of Waco, is recovering from the bullet wound suffered in a hunting accident Saturday night. He underwent a six-hour operation for removal of the bullet.

Jungmann was hunting rabbits Saturday night when the accident occurred. Officials said he was struck in the head by the bullet after alighting from the front of a pickup truck that he was riding.

He was hunting with four cousins near Buckholts.

The bullet entered his head at the left ear and lodged near his eye.

He was rushed to a Cameron hospital and later transferred to Scott and White where the operation was performed.

Jungmann was married to the former Miss Margie Schiller, Rogers, November 28. They reside in Waco where he is a senior at Baylor.

Chamber To Select 10 New Directors

Ballots are going out to members of the Cameron Chamber of Commerce for election of 10 new directors for the Chamber board, according to Mrs. Jan Speer, Chamber secretary.

The new directors will be selected from a ballot containing 200 names, she said. Terms of office for the directors are three years.

McCullin Award Due
Ballots also will go out for selection of a winner for the McCullin Award, outstanding Cameron citizen award to be announced at the annual Chamber banquet in February.

New officers for the 1958-59 Chamber year will be announced at the banquet, Mrs. Speer said. The top three officers of the Chamber, are elected from the 24-member board of directors.

Mrs. Speer said the Chamber banquet will be either the evening of February 14 or 21. Officials are hoping to get Fred Poole, executive vice-president of the East Texas Chamber of Commerce, Longview, as main speaker for the banquet.

Banquet Committee
A banquet committee will be appointed at the next board meeting January 10 to complete arrangements for the dinner.

Ten directors will be elected to the Chamber board this year to fill eight regular vacancies and two left by Ben Magness and Gene Blake, who moved out of Cameron during the past year. Magness was the 1957 winner of the McCullin award.

The Cameron Knights of Pythias Lodge has sent about \$800 in contributions to the K of P Orphans Home, Weatherford, according to Bassel Wilson, chancellor commander.

He said a check for \$711.53 in contributions was forwarded. Other individual donations by K of P members here brought the total to about \$800.

The 150-member Cameron lodge contributed one of the larger donations in Texas, Wilson continued. The Cameron lodge recently instituted a new Knights of Pythias Lodge in Rockdale and installed officers there.

28 In Cameron Need Care

March Of Dimes Starts Today

Plans for a vigorous March of Dimes campaign in Milam County during January were announced today by Bassel Wilson and V. J. Hannon, co-campaign directors for Cameron.

Opening day for the polio drive is scheduled January 2.

Co-chairmen Wilson and Hannon said the 1953 campaign will emphasize the urgent task of caring for those who have been disabled by polio. The object is to restore them to lives as nearly normal as modern medicine can make them.

They said the 1958 theme is "Survival is not enough."

The co-campaign directors said that in Cameron 28 post-polio patients have been listed who may need rehabilitation treatment.

Wilson and Hannon said that there are over 300,000 Americans living today in the United States who have had paralytic polio, according to a study of hospital records made by the headquarters of the National Foundation.

"Many of them can be further helped by new developments in

Yearly Rainfall Nets 53 Inches In Cameron Area

Cameron's cotton crop outlook for 1958 is favorable, due to the best sub-soil moisture conditions in years, according to J. D. Moore, County Agricultural Agent.

"The cotton crop outlook for 1958 is very good because of the moisture, and production should be more with the rise in number of farmers using mechanical production," said Moore.

Rainfall in Cameron in 1957 almost tripled that of 1956, with a tremendous recording of 53.63 inches.

Precipitation recorded in 1956 only approximately 20 inches.

Slight rainfall was received last week when it rained .07 inches Christmas day and .57 inches on December 27.

A sad outlook on the cotton crop situation of 1957 was brightened somewhat recently with the discovery of heavier weight in cotton crops.

According to local cotton ginners, the anticipated hardships of farmers because of the merciless rains this year have been eased by the added weight of their cotton, which is due to dirt in the cotton caused by the rain.

The added weight has somewhat compensated for the low price of cotton.

Although this years crop is considerably less than last year's to date, the final outcome may be very favorable. Inconsistency in the rains has stretched out ginning times, and most local gins will continue operating late into this month.

Weather Notes

After a beautiful Christmas day with fairly warm temperatures, things cooled off a bit in the latter part of the week and the weekend. Temperatures remained mostly in the 60's and a slight precipitation was recorded on Wednesday and Friday.

Forecast is partly cloudy and mild with widely scattered afternoon showers; turning cooler toward end of week, with possible warming up.

NOTICE OF ELECTION

THE STATE OF TEXAS

COUNTIES OF WILLIAMSON, BURNET AND MILAM

TO THE RESIDENT QUALIFIED VOTERS OF SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES:

TAKE NOTICE that an election will be held on the 14th day of January, 1958, within said District, in obedience to a resolution and order duly entered by the Board of Directors of said District on the 9th day of December, 1957, which is as follows:

RESOLUTION AND ORDER ORDERING AN ELECTION TO BE HELD IN SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS IN THE DISTRICT, WHO OWN TAXABLE PROPERTY IN THE DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION, THE QUESTION OF THE ISSUANCE OF BONDS OF SAID DISTRICT.

WHEREAS, San Gabriel River Water Control and Improvement District No. 1, of Williamson, Burnet and Milam Counties has been heretofore legally organized under the Constitution and Laws of the State of Texas; and

WHEREAS, the Board of Directors deems it necessary and advisable that the proposition for the issuance of bonds of said District be submitted to the qualified resident electors of said District who own taxable property therein and who have duly rendered the same for taxation;

THEREFORE, BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF SAN GABRIEL RIVER WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 OF WILLIAMSON, BURNET AND MILAM COUNTIES:

1. That an election is hereby ordered to be held on the 14th day of January, 1958, in said District, for the purpose of submitting to the qualified resident electors of said District, who own taxable property therein and who have duly rendered the same for taxation, the following proposition:

PROPOSITION

Shall the Board of Directors of San Gabriel River Water Control and Improvement District No. 1 of Williamson, Burnet and Milam Counties, be authorized to issue bonds of said District in the maximum amount of \$140,000.00, to mature serially or otherwise over a period of not more than thirty (30) years from their date, and to bear interest at a rate not to exceed five (5) per cent per annum, and if there shall be annually levied and collected on all the taxable property in said District for the current year and annually thereafter while said bonds, or any of them, are outstanding and unpaid, a tax sufficient to pay the current interest on said bonds and to pay the principal as the same becomes due, such bonds to be issued for the purpose of paying all costs, charges and expenses of the District in connection with the construction of a series of dams and reservoirs and channel

clearance in the District in accordance with plans and specifications and with funds supplied by the Soil Conservation Service, United States Department of Agriculture.

2. The ballots for said election shall have written or printed thereon the words:

OFFICIAL BALLOT

FOR THE ISSUE OF BONDS AND LEVY OF TAXES IN PAYMENT THEREOF.

AGAINST THE ISSUE OF BONDS AND LEVY OF TAXES IN PAYMENT THEREOF.

Each voter shall vote on the proposition hereby submitted by scratching or marking out one of the above expressions, thus leaving the other as indicating his vote.

3. The polling places and election officers for said election shall be as follows:

Conserving Your Soil

Soil Co-op Workers Incorporate Wildlife

District cooperators who have planned their conservation operations to include some form of wildlife management are talking more and more about this phase of their conservation program, and many are planning to improve and expand wildlife production where it can be managed on their land.

Until about three or four years ago, we had very few ponds that were large enough for good fish management. Since then, many larger ponds have been constructed throughout the county. These have been stocked with fish for 1 to 3 years, and are furnishing excellent fishing for those who know how to catch them. The larger ponds have also brought many ducks into the county.

One cooperator reports that he has killed his limit several times this year on his pond which is located in sight of his house. SCS personnel are getting similar reports from all over the county.

Almost every farm in this area has a place for a pond which can be managed for good fish production and also furnish a place for migratory birds.

Only a few years ago the Texas Almanac listed Milam County as one of the best quail hunting areas in the state. In more recent years this has changed because of drought, overgrazing and poor wildlife management, but SCS field personnel report having seen more quail this year than ever before.

Such a favorable report could be expected because of the recent interest in providing food and cover for wildlife. Wildlife experts claim that a covey of quail can be produced on every 25 acres in the blackland and not affect the cropland production.

These reports tend to show that there should be a place for some phase of wildlife on every farm. Conservationist and conservation farmers are expanding their wildlife establishments and management in Milam County.

County Agent Moore Suggests Pencil May Be Best Farm Tool

J. D. Moore
County Agent

About this time of year farmers start thinking about plans for next year. The value of record keeping has long been overlooked by farmers generally.

Now is the time to take inventory, take stock and plan for the year ahead. Where do we hope to be 5 years from now? 10 years from now? This is of vital importance. How can we rope it go anywhere, if we don't know where we are headed?

Let's get out the old pencil. Summarize last year's work. What mistakes did we make? How could we have avoided them? Where were expenses out of reason? How can they be reduced? What enterprises paid off and which did not? What new enterprises can we try to bring in more income in 1958 and later?

If we don't already have a simple system of keeping good records, now is the time to start. Your best farm tool may be a lead pencil.

W/ r Tree Care

Now would be a good time to treat fruit and shade trees for "shot hole borers."

One plan is to use 6 tablespoons of wettable DDT powder in one quart of water. Mix this material and paint the trunk and limbs with a paint brush. When the material dries, the tree will appear to have been whitewashed. During January and February, a 3 percent dormant oil spray should be applied to control scale insects.

Prune Evergreen Shrubs

Now is a good time to prune, spray and fertilize shrubbery. Publications giving detailed instructions are available at the county Extension office. In order to keep trees and shrubbery growing attractive and well balanced, it is necessary to do some pruning.

Safety In The Home

The life of your family may depend upon the precautions taken for making the Christmas holidays safe.

Most homes will contain added fire hazards at this season and among them—the center of attraction—the Christmas tree. The Texas Farm and Ranch Safety Council offers this advice—use only nonflammable decorations on the tree; use only approved lights for the tree and turn them off when retiring or leaving the house; don't overload electrical circuits with additional lights, toys or appliances and ask smokers to be doubly cautious.

Looking Ahead...

Continuing optimism for the future of agriculture and industry in Central Texas, Milam County and Cameron is the Herald's prediction for 1958.

First came optimism, then confidence and results in the construction of a number of businesses and new homes in Cameron during 1957.

It is optimism that helps turn Milam County farmers to irrigation, 7,000 acres in the past seven years.

It is optimism that helps build a water system for the City of Cameron.

It is optimism that helps build new grain elevators, groceries, service stations, churches, homes.

These things happened in Milam County and Cameron during the past year. Of course necessity preceded improvements in many cases. But expansion indicates optimism.

Expansion also means the demand for something new is present. Demand calls for growth.

The State gives us optimism with improved highways. SH 36 from Cameron to Milano is being rebuilt. Right-of-way is being purchased for a new US 77 south to Rockdale and out of the county.

The year 1958 promises many other improvements or completion of those started in 1957.

A bumper year of rain has raised the water table and water supply in the Milam County area to the highest in years. Winter pasture feeds cattle in abundance.

Other signs of optimism are around us. The Buckholts and Burnet-Williamson-Milam County water districts are working to solve part of our water problems.

We are prone to look behind when optimism tells us to look ahead. We often worry more about why a past problem was not solved when we should seek a solution to one in the future.

Optimism keeps us looking ahead. Let's look to 1958.

THE LITTLE RIVER PHILOSOPHER

1958 Holds No Magic
For Venerable Sage

By J. A.

Dear editor:

I noticed by a calendar a man gave me for a Christmas present that it's now 1958, and according to all the articles I've been reading in the newspapers for the past few weeks, 1958 is going to be a year when man opens up new horizons.

It's going to be a year when man unshackles his earth-bound ties and moves on to new discoveries and new adventures in outer space.

Well, I've heard this before. That is, I've never heard that man was going to explore space in any particular previous year, but at the start of other years I've heard he was going to achieve such brand new marvels that life would never be the same again.

For example, when the automobile came in, people said life would never be the same again. It was going to free men from their narrow limitations, and getting from their home to the state capital was going to be as easy as getting from their home to the county seat.

Then when the airplane came in, people said things were going to be even more different than ever. You could now get to the national capital from any spot in the nation quicker than you could formerly get to the state capital.

Then when radio, then television, came in, the same people said this would revolutionize the people's thinking. You could sit at home and look in on the entire world.

And now at the start of 1958, they're saying space ships will be available before too long, and life will never be the same again.

Well, I'll tell you. Life is pretty much the same, whether you get your news by horseback or airplane, over the radio or over the back fence, and it's just as inaccurate either way, and as far as looking at television goes, television is fine but it will never replace the scenery you can see from your own front porch. And heard them by lantern light on a court house lawn or by television in your living room.

politicians are making pretty much the same speeches, whether you go. And as far as space exploration goes, I'm all for it, but it hasn't got me fooled. I don't care how far out in space man gets in 1958, by the end of the year, his main problems and main enjoyments will still be inside himself, whether he's sitting by a fire on his own farm or orbiting the earth every ninety minutes in a rocket ship. Personally, I'll be here, not orbiting.

Yours faithfully,

J. A.

Former Citian To Head Church Loan Concern

WICHITA, Kan.—The Rev. Howard Wratley, former owner of the Cameron Hotel, Cameron, will assume duties January 1 as director of a non-profit, church loan corporation set up by Kansas Baptists to finance costs of new church construction.

At present, Rev. Whatley is pastor of First Southern Baptist Church, Hutchinson, Kansas. He's a graduate of the University of Texas and Southern Baptist Theological Seminary.

The corporation he will direct was authorized this year by Kansas Baptists to finance cost of new churches and new church facilities. It will issue six-per-cent interest bearing, secured bonds.

Exclusive fiscal agent for the corporation is A. B. Culbertson and Co., Fort Worth.

Rev. Whatley, in the hotel business for several years in Texas before entering the ministry, is married and the father of two children. One, Howard G., is with the U. S. Army at Fort Knox, Ky., and the other, Wesley, 13, is a junior high school student.

Offices of the church loan corporation will be in the Baptist Building, Wichita, Kan.

Capitol Report

Daniel Terms Water, Tidelands Crucial

By Vern Sanford

Texas Press Association
AUSTIN—Gov. Price Daniel took a look backward and a look forward and focused on two issues as crucial to Texans: water conservation (1957) and tidelands defense (1958).

Daniel named the newly-passed water conservation and planning measures as the most significant accomplishment during the first year of his administration. Texas is 25 years behind its neighbor states in this field, said the governor, but now can "begin to catch up."

Looking ahead, the governor called on fellow citizens to square off for another round with the federal government. Two-thirds of Texas' multi-million-dollar tidelands are at stake. Latest suit in the decade-long struggle was filed recently by the U. S. attorney general and likely will be considered in the Supreme Court sometime this year. It contends that Texas owns land three miles from shore, rather than three leagues (10½ miles) claimed by the state.

Daniel said he would cooperate with Texas Attorney General Will Wilson in every way in preparing the state's defense. As attorney general and U. S. senator, Daniel has twice before, in court and Congress, led Texas' fight for its oil-rich tidelands.

Byron Ray Fletcher Will Receive Degree

Byron Ray Fletcher, 1404 N. Houston, will be graduated from Southwestern Baptist Seminary in Fort Worth during commencement exercises on January 17.

Fletcher will receive his Associate of Religious Education degree and intends to remain in the field of religious education for his life career.

Hart To Help

Former Supreme Court Justice James P. Hart of Austin will serve the Attorney General's Department as special counsel in preparation of Texas' defense against the tidelands suit.

Wilson said he'll give all his time during the next two months to the case. He also announced that his assistants, James N. Ludlum and James H. Rogers, and Austin attorneys Chrys Dougherty will work on the case.

Rudder Resigns

Land Commissioner Earl Rudder will leave the Capital City Feb. 1 to become vice president of his alma mater, Texas A&M.

He will be succeeded by Bill Allcorn, fraud-fighting district attorney of Brown County, Brownwood.

Rudder was appointed land commissioner by Gov. Allan Shivers, early in 1955, to replace Bascom Giles. In resigning, Rudder said he felt "in all sincerity" he had accomplished his "mission to restore the land office to a place of confidence and respect."

Allcorn, while district attorney, secured the conviction of Mario (El Turko) Sapet for a murder arising from South Texas' political troubles. He also served as a special assistant to the attorney general in ferreting out veterans land swindlers.

After naming Allcorn, Gov. Daniel also announced appointment of David J. Morris of Brownwood to be Brown County DA.

Big Turnover

Besides those above, some 85 other Texans will have new jobs in the new year.

Governor Daniel put in some December overtime ploughing through lists of names and making appointments to scores of vacancies that had piled up on state boards, commissions and committees.

BLUEPRINT FOR PEACE

Behind every structure, whether large or small, intricate or simple, there's a blueprint. And behind every blueprint there's a vision.

Someone has a dream. He explains it to an architect. Using the tools of his trade, the architect makes a blueprint—a plan to show workmen how to build what was first conceived in a dream.

Centuries upon centuries ago God had a vision. He made man in His image, then gave him the tools to fashion a blueprint. The Bible was the result—a blueprint for right-living for every man who breathes.

God is the Supreme Architect. Under Him today churches work to show man how to use the Bible as a blueprint for his own life. When that plan is followed, life is good. When it is ignored, confusion and disaster result.

Let the church of your choice show you and your family how to follow the blueprint for peaceful living.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Using Spinning Reels

Perhaps spinning equipment is best for this purpose. I personally use a Mitchell reel, with a 64 foot Mitchell spinning rod, with a 6 pound monofilament line.

We drop our lures to the bottom, reel them back a turn or two and then start a tantalizing vibration of the rod, by raising and lowering the tip slightly, mostly with wrist movement. Sandies strike on the down movement of the lure. For that reason if your upward movement is too quick or severe you'll probably lose your fish.

With a little practice you can tell very easily when the fish has taken the lure. He'll telegraph you when he's ready and then you have a nice fight on your hands with

Outdoors In Texas

Winter Months Are Best Fishing

By Vern Sanford

There is an old saying about winter fishing separating the men and the boys. The men stay home by the fire and the boys go out.

Well, that isn't exactly true any more. Many Texans have learned that some of the finest fishing is during the cold months.

Also there is a new kind of fishing. Men work at fishing now-days. They don't just set out trot lines or a few cane poles and let the fish do the work.

Today they get in fast boats and whip out across the fine lakes of Texas. They've learned new tricks for making fish hit the bait. Also they have learned how to find these fish.

For instance, right now there is wonderful white bass fishing. They are caught trolling and with minnows, still fishing. Most of the fun, however, is in following the gulls to find these fish.

Follow The Gulls

This is an old trick on the coast. Fishermen down there for years have followed the gulls, especially in finding trout schools. Now they are doing the same thing on Texas lakes.

It is necessary to have a rugged boat and a motor with enough power to put you there in a hurry. The custom is to work around the lake until you find a flock of gulls. Watch them and you'll find a place where you can load the boat down with these sandies.

As a rule one gull flies low over the water. When the white bass start chasing shad and the shad surface, the fun begins.

Other gulls nearby watch this searcher and when they see it has found the shad, they all join in a swoop down on the water.

That's the time you want to drop anchor and start jigging. Some call it jigging and others have still other names for it. Anyway, the process is simple. With a good spoon you want a light action rod, capable of responding to the lightest action on the part of the fish.

Using Spinning Reels

Perhaps spinning equipment is best for this purpose. I personally use a Mitchell reel, with a 64 foot Mitchell spinning rod, with a 6 pound monofilament line.

We drop our lures to the bottom, reel them back a turn or two and then start a tantalizing vibration of the rod, by raising and lowering the tip slightly, mostly with wrist movement. Sandies strike on the down movement of the lure. For that reason if your upward movement is too quick or severe you'll probably lose your fish.

With a little practice you can tell very easily when the fish has taken the lure. He'll telegraph you when he's ready and then you have a nice fight on your hands with

this light equipment.

We mentioned the above equipment so that you will have some idea of tackle most suitable for this type of fishing. This same tackle also is very good for sand bass fishing in fast water, such as you'll find below our dams in Texas.

While some of this fishing also is done with spoons, this is a fine place for free minnow fishing. Use a bubble some 18 inches above your hook, with enough water-weight to carry it out.

Of course black bass also can be caught this time of the year. The process is not the same. While there are some plug casters who have just about as much luck in the winter, with top water plugs, as they do in the summer, generally the big ones dive deep and hit hard.

On Lake Texoma a few Sundays ago we watched two fishermen work around the Willow Springs Camp on the Oklahoma side. They used nothing but top water lures and caught a big string of blacks. Most of them were around a pound

and a half, but some went as much as two pounds.

Some other Texoma fishermen have found they can use heavy salt water equipment, with Hellbenders or similar lures. These lures run real deep. With the heavy equipment the fisherman can jerk them loose from brush in the bottom of the lakes. They don't catch too many small fish, but occasionally they come up with some big lunkers.

It looks like a long worm, with hooks in it. This usually is strung behind a Hellbender or similar plug, and not worked too fast. Cast it toward the shore and pull it out close to the bottom.

Here is a word of caution, however. A bass will take hold of the tail end of this lure and slowly suck it back into his big mouth. Don't jerk too quick. Be sure he's swallowed it.

This artificial worm is a wonderful lure for either summer or winter fishing, if worked right. But it takes practice.

Yes sir, winter is a good time to go fishing. See you at the dam.
